

Optional with the soil activity is you feel so moved to burst into song...

### Soil Song

(Tune: Home on the Range)

Oh, give me a home  
With a yard full of loam  
Made of particles:  
Sand, silt and clay.  
For all life we know  
Needs some soil to grow  
In colors like red, brown, or gray.

Loam, loam is all built  
From mixtures of sand, clay, and silt.  
In tribute we bend  
On all soil we depend.  
It covers the land like a quilt.
